Dear Judge Webster:

In an attempt to "humanize" the members of the President's Cabinet for Congressman Dannemeyer's constituents—to put faces with the names so often heard—I have assembled a display of photographs in my office.

Unfortunately, I have so far been unable to obtain one of you to include in this presentation. And, while the unfortunate loss of several of your compatriots recently still would leave the display incomplete, the addition of your photo would rectify a very glaring omission.

If an official photograph is available, I would be most grateful for a copy to frame on my wall. While I would of course be honored if you signed this, please do not consider this in any way necessary.

Thank you for your courtesy in considering this request... and for your willingness to leave the Bureau for the Agency. I pray that your tenure will do as much good for the latter as you brought to the former.

Sincerely,

Mike Bonk
